

FROMM P331 Battery Powered Plastic Strapping Tool

The FROMM P331 Battery Powered Plastic Strapping Tool is the latest generation high tension hand strapping tool. For 19, 25 and even 32mm high performance PET strap the P331 seals the deal.

Hardwood timber, steel, aluminium, compression baling, any application needing the highest tension, the P331 is the tool of choice.

Backed up by FROMM Packaging Australia, rent or purchase options, the P331 delivers for the Australian industry.

All equipment is supported by our on-site mobile service team and spare parts are readily available.

Polyester (PET) Strap

For optimal strapping efficiency we recommend our range of Star Strap-Plus Plastic strap. Talk to our friendly staff today!

19-32mm

Weld

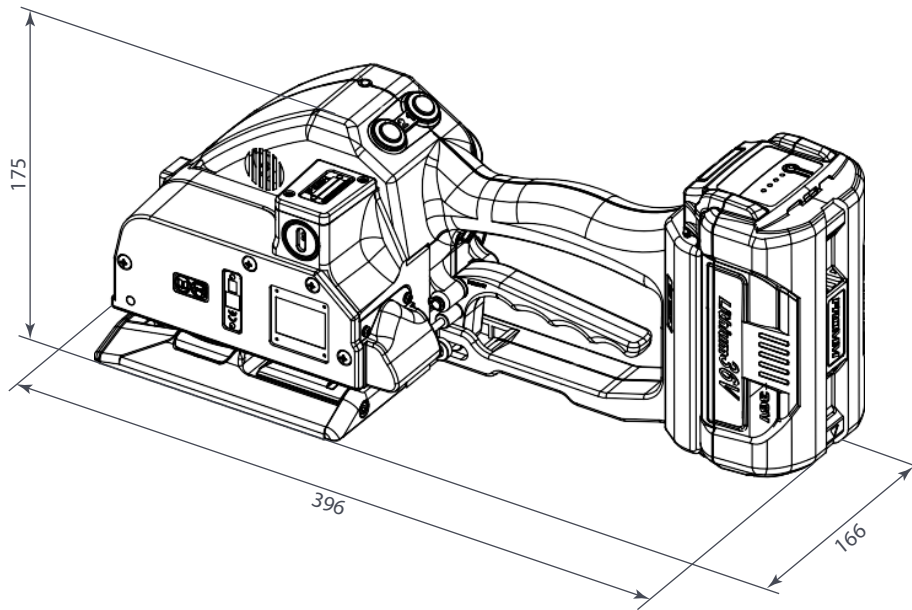

36V

★ Features

- Manual or semi-automatic function
- Simple two button operation
- Adjustable strap width
- Adjustable tension
- Lithium Ion battery technology
- Brushless motor

+ Benefits

- Lightweight one handed operation
- Excellent adjustable tension
- High seal efficiency
- Fast rechargeable battery
- Robust with little maintenance required
- Strong and well protected motor housing
- FROMM 2 year warranty

★ Technical Specifications

Tensioning:

Strap Tension (N):	1200-7000
Tensioning Speed (mm/s):	39-63
Joint Strength, approx. (%):	75

Tool Size:

Length (mm):	396
Width (mm):	166
Height (mm):	175
Weight, with battery (kg):	6.4

Sealing Type:

Friction weld

Strap Specification:

Width (mm):	19-32
Thickness (mm):	0.60-1.53

Power Supply:

36V, 4.0 Ah Li-Ion Battery

Charging:

Charging Time, approx (mins):	135
240V, 50-60Hz	

Operating Conditions:

Temperature range (°C):	-10 - +45
