

Machine Stretch Film

FROMM's machine grade stretch films are designed using the latest resins to offer amazing stretch whilst maintaining the pallet load integrity.

This five-layer cast film can be used not only across the range of our semi and fully automatic stretch wrapping machines but also in most other brands of machines too.

Capable of 250% stretch that represents great value for money converting one metre on the roll to 3.5 metres on the customer pallet.

This high-performance stretch film creates an elastic memory around products to protect them whilst in storage and transport.

Pallet Wrapping Machines

FROMM stocks a range of market leading stretch wrapping machines. Whether you need to wrap small or tall pallets, light or heavy loads, odd shapes and sizes we have a stretch wrapper to suit your requirements. Ask your FROMM expert for their guidance.

★ Features

- Premium quality stretch film
- Up to 250% stretch
- High puncture resistance
- Transparent
- Designed for power pre stretch wrapping system
- Available in clear or black

+ Benefits

- Low cost per pallet wrapped
- Excellent load restraint characteristics
- Elastic memory for great containment
- 250% stretch using wrapping machines

Every metre matters is a new initiative by FROMM to highlight the discrepancies in the market and educate customers on what is right.

At FROMM Packaging we are always working hard to ensure we provide high quality products to our customers. We guarantee that every roll of FROMM and pallet wrapping film that you purchase is the same length as quoted in the FROMM Technical Data Sheet at a minimum. So if it's a 2000 metre roll, you will get 2000 metres, guaranteed.

Some stretch film resellers have up to 5% variation batch to batch. This could mean the difference of 100 metres on every roll.

FROMM provide a technical data sheet for every style of film. The data sheet outlines all the technical specifications and states the amount of film on every roll

Technical Data Sheet

Product Code	3205.00			
Product	Pallet wrapping film			
Grade	500mm x 1584m x 19um			
Colour	Clear			
Date	01/02/2019			
Issue Number	PPA001			
Physical Properties	Units	Standard	Specification	Testing Method
Thickness	Microns	19x1	19	Dial Gauge
Width	Gm	500x1	500	Scale
Length	Metres		1584	
Mechanical Properties	Units	Standard	Specification	Testing Method
Tensile Strength	MD	MPA	32	49
	TD		17	29
Load at Break	MD	N	14	23
	TD		7	14
Break Elongation	MD	%	410	499
	TD		570	743
Tear Resistance	MD		1850	2614
	TD	mN	4400	6439
Peel Cling	N-mm		5	10
Puncture	N-mm		1600	2498
Dart Impact	g		130	255
Ultimate Stretch	%		230	318

FROMM Packaging Australia guarantee that every roll of FROMM stretch wrapping film that you purchase is the same length as quoted in the FROMM Technical Data Sheet at a minimum.
