# FROMM FSW-10
Semi Automatic
Pallet Wrapping Machine

FROMM FSW-10 Semi Automatic Pallet Wrapping Machine was designed to be a simple, reliable machine for wrapping 1 - 20 pallets per day. FROMM have stripped away all unnecessary functions & confusing programs from the FSW-10. By focusing on one thing (wrapping) we are able to offer Australia the most cost effective, entry level wrapping machine on the market.

Backed up by FROMM Packaging Australia, rent or purchase options, the FSW-10 delivers for the Australian industry. All equipment is supported by our on-site mobile service team and spare parts are readily available.

FROMM ADVANTAGE

0-75% **Max. 2.2m** **Max. 1200kg** **Max. 20/day**

Machine Stretch Film

FROMM premium films can reduce the cost to wrap a pallet whilst maintaining the all important containment forces needed to maintain the security of your goods whilst stored and transported. Ask your FROMM expert for their guidance.
