

# Automatic Pallet Wrapping Machine

## WCRT-175 Pallet Wrapping Machine

- ✓ Automatic cut/clamp and wipe system
- ✓ 200% power pre stretch
- ✓ 2 Year unlimited cycle warranty
- ✓ Pallet height detection sensor
- ✓ Soft start and stop
- ✓ Fully adjustable wrap programs
- ✓ Up to 60 loads per hour

The Wulftec WCRT-175 is an inline rotating arm stretch wrapping system capable of up to 60 pallets per hour. Conveyors, safety systems, topsheet dispenser and a host of add-ons mean the WCRT-175 is a great choice for all types of wrapping applications.

For best performance we recommend Fromm's premium machine stretch film, talk to our friendly staff today.

All equipment is supported by our on-site mobile service team and spare parts if needed are readily available.

### Options
