

## FROMM FV350-160 Automatic Inline Orbital Wrapping Machine

The FROMM FV350-160 Automatic Inline Orbital Wrapping Machine is designed to stretch wrap long products such as pipes, tubes and rods. This fully automatic programmable machine with a 1600mm diameter ring, when combined with conveyors, and safety systems is the ideal solution for small process lines.

Extremely low maintenance, the FROMM FV range is exceptionally easy to install & operate - Plug and play, no fuss.

Backed up by FROMM Packaging Australia, rent or purchase options, the FV350-160 delivers for the Australian industry. All equipment is supported by our on-site mobile service team and spare parts are readily available.

### Orbital Wrapping Film

For optimal wrapping efficiency we recommend our range

of Orbital wrapping film.

ADVANTAGE

### ★ Features

- Double reel film dispensers
- 1600mm wrapping ring
- Adjustable speed (RPM)
- Mechanical film brake
- Easy to use
- Automatic film cutting at end of wrap cycle
- To be placed in production line
- Six wrapping programs available

### + Benefits

- Twin wrapping heads for optimal function
- High production throughput
- Easily accommodate different products
- Reliable and robust
- Programmable wrapping functions
- FROMM 2 year warranty

## ★ Technical Specifications

### Ring:

Diameter (mm):	1600
Max. rotating speed (RPM):	60

### Product Size:

Max. product size (mm):	H 1100, W 1590
Min. product size (mm):	H 360, W 360
Max. product length:	No limit
Min. product length (mm):	600 or 400 with short products bridge
Max. weight (kg)	Dependent on conveyors

### Film Specification:

Width (mm):	100, 166, 250
Thickness (um):	23 - 50

### Power Supply:

240V, Single Phase, 50 Hz	
Air supply needed:	6 bars

### Power Consumption:

Power consumption approx. (kW):	1.63
---------------------------------	------

### Air Consumption:

45L / cycle

### Machine Options:

Conveyors - infeed and outfeed  
 6 sided wrapping program  
 Automatic film cut and clamp  
 Top pressers  
 Bridge for short products  
 Safety system
