

FROMM A335 Combination Steel Sealing Tool

The FROMM A335 Steel Strap Combination Tool is the perfect manual steel strapping tool for high tensile strapping. Robust, reliable, simple & cost effective, the A335 is ideally used as a low volume, high tensile, steel strapping tool or as a back-up tool. You can pick up this tool and use it anywhere, anytime as it operates without the need of a power source or any secondary tools.

Whether you need a manual tool that will work reliably, or you need a back-up tool that is always ready when you are, the A335 is the ideal choice.

Steel Strap
